

# GO-EZ

Revolutionizing water experiences.  
Swim safe, float in style. Discover the new  
floating wetsuit.

# The Challenge

Are you afraid of not staying afloat?

Does the feeling of losing control hold you back?

# Constant fear of sinking

Lack of confidence in the water can stop you from fully enjoying a swim.

**Increased anxiety and panic**

**It makes it harder to relax,  
float, and breathe naturally  
in the water.**

# Physical fatigue

Struggling to stay afloat  
leads to quick exhaustion  
and raises the risk of slips or  
distress.

# The Solution

Buoyancy, comfort, and style!  
We provide extra support to  
help you feel light and secure

What sets us apart

Easy to wear, designed to  
fit like a second skin,  
effortlessly contouring to  
the body.

Simple, sustainable  
production

Made with a single cut  
and minimal stitching,  
with no zipper needed.

Customizable

Style meets safety.  
Feeling secure has never  
looked this good.

# Floating wetsuit

---

Same size fits many.  
It is easy to wear, it fits the  
body like a second skin and  
maximizes the mobility.

# Direct competitors

---

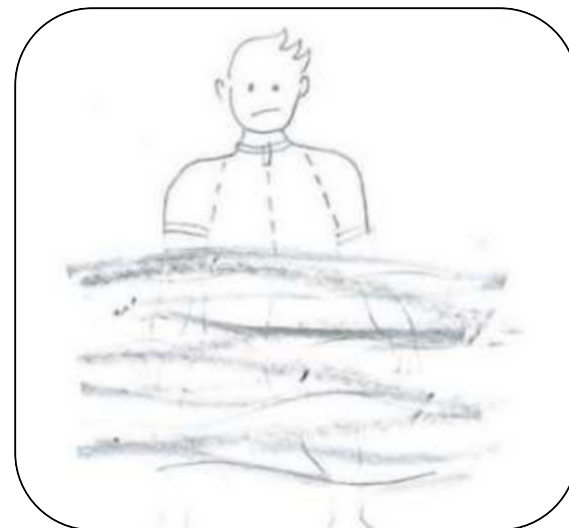

## Floaties

Restrict your natural swimming movements

## Lifejacket

Makes it difficult to swim freely and efficiently

## Short wetsuit

It's uncomfortable, riding up or feeling restrictive

ADVANTAGES

## User-friendly

---

With its adjustable design, it is easy to wear, contours to the body like a second skin, and enhances mobility.

## Simple manufacturing

---

Made with a single cut and a few stitches, without the need for a zipper.

## Sustainable

---

The wetsuit is designed to grow with the child, fitting throughout their development.

## Fashionable

---

It can be customized with various colors, patterns, or designs to suit individual preferences.

**Easy to make,  
easy to wear**

---

The models are protected by  
intellectual property
